SAMPLE CITATIONS TO RCAF DSOs

Group Captain John Emilius FAUQUIER, DSO** DFC (C1399) RCAF 617 (RAF) Sqd. LG 01/06/1945

"Since assuming command of the squadron in December, 1944, this officer has taken part in almost all the sorties to which the formation has been committed. Early in February, 1945, G/C Fauquier led the squadron in an attack on the U-boat pens at Poortershaven. Photographs obtained showed that the bombing was accurate and concentrated. Since, then, this officer has participated in a number of sorties during which the railway viaduct at Bielefeld, a railway bridge over the river Weser at Bremen and a viaduct over a flooded meadow near to Ardbergen bridge were all rendered unusable by the enemy. By his brilliant leadership, undoubted skill and iron determination, this officer played a good part in the successes obtained. He has rendered much loyal and valuable service." (Awarded a second bar to the DSO)

Flight Lieutenant Ralph Maclaren CHRISTIE, DSO RCAF 407 (RCAF) Sqd LG 16/06/1942
Flying Officer Frank Albert KAY, DFC RCAF 407 (RCAF) Sqd

"In May 1942, F/L Christie and P/O Kay each led a force of bombers in an attack on a large enemy convoy, including armed ships and destroyers off the Dutch coast. The attack, which was delivered in the fading light, was pressed home in the face of a barrage of the utmost intensity. Pilot Officer Kay, who was first to attack, received wounds on the fingers when shrapnel tore through the floor in front of him. Despite this, he flew in, firing his guns, and bombs were released on a ship almost at deck level. F/L Christie followed in and, releasing his bombs from mast height, scored hits on a medium-sized ship. Both aircraft were damaged. That of F/L Christie was hit in the wings, fuselage and tail, causing damage which made the aircraft exceedingly difficult to control. Pilot Officer Kay's aircraft was hit in both engines while he himself received a further wound in the arm. Despite their difficulties, both these officers flew their damaged aircraft back to this country. Some time previously, F/L Christie participated in a daring attack on a convoy off the Dutch coast. In the face of heavy defensive fire, a large ship was bombed from only 20 feet. As the bombs exploded large quantities of debris were hurled in the air and the vessel was set on fire." Christie was awarded the DSO
Kay received the DFC

SAMPLE CITATIONS TO RCAF DSOs

Flying Officer Kenneth Owen MOORE, DSO RCAF 224 (RAF) Sqd LG 22/08/1944
Warrant Officer Peter FOSTER, DFC RCAF 224 (RAF) Sqd

"Flying Officer Moore, Warrant Officers Foster and McDowall and Sergeant Hamer were pilot, wireless operator (air), navigator and flight engineer respectively of an aircraft in which they attacked and destroyed 2 U-Boats during a recent sortie. In both actions, which occurred within the space of 22 minutes, F/O Moore pressed home his attack with great skill and gallantry in the face of heavy opposing fire. He was brilliantly supported by his crew whose efficiency and co-operation throughout were of inestimable value. On this notable sortie, F/O Moore and his comrades set an example of the highest order and their feat was worthy of the greatest praise."

(F/O Moore was awarded the DSO; Warrant Officers Peter Foster (RCAF) and Johnston McDowall (RAFVR) were awarded the DFC and Sergeant John Hamer (RAFVR) was awarded the DFM.) Their were ten members of the crew with only four of them receiving awards. The events took place on the evening of 7/8 June 1944 with U-629 and U-373 being sunk. Their aircraft was Liberator 'G', 224 Squadron.

Acting Squadron Leader Robert Allan KIPP, DSO DFC RCAF 427 (RCAF) Sqd LG 07/07/1944

"This officer continues to display the highest standard of skill and gallantry in air operations. He has completed very many sorties and his careful planning, tactical ability and iron determination have brought him much success. In April 1944, he led a section of aircraft on a sortie over enemy territory during which 4 enemy aircraft were shot down, 2 of them by S/L Kipp. On another occasion, one night in May 1944, S/L Kipp destroyed 4 hostile aircraft in combat. His genius for leadership has always been apparent and his example has been most inspiring." (Awarded the DSO)

=====
Acting Flight Lieutenant William MacDowall STEPHEN, DSO 427 (RCAF) Sqd LG 07/07/1944

"One night in May 1944, this officer captained an aircraft detailed to attack Aachen. When crossing the enemy coast, the aircraft was hit by fire from the ground defences. The starboard rudder and the elevator controls were so badly damaged that the aircraft became almost unmanageable. Undaunted, F/L Stephen went on to the target and bombed it. He afterwards flew the damaged aircraft to this country. Although the tailwheel had been shot away and the brake pressure was nil, F/L Stephen effected a safe landing. His perseverance in the face of great odds, together with his exceptional skill and resource set an example of a high order." (Awarded the DSO)

Acting Squadron Leader Henry Wallace McLEOD, DSO DFC* RCAF 443 (RCAF) Sqd LG 05/09/1944
