Awards 12 June 2025 Quebec recipients

=====

Name Underlined = Elevation from one level to the another  
 + = Nomination a titre Posthume      + = Foreign awards in totals above

In 2016, The National Order of Quebec includes 916 Quebecers and 65 foreign personalities. Of these, 655 were alive and 327 dead. The College has 73% men and 27 % women. (On their website – I have about 10 more foreign members listed – why – Jean Vanier is a Canadian, son of Governor-General Vanier, and was awarded his Order of Canada as a Canadian. He started off in the Canadian list and then was switched to the foreign list – this has happened for several persons).

At the beginning of 2022, The Ordre national du Québec includes 1106 Québec personalities and 73 foreign personalities, or 1179 members. Of these, 693 are alive and 486 are dead. The Order is 71% male and 29% female.

Distribution of grades

The different ranks are distributed as follows:

642 knights and knights,

390 officers,

115 grand officers.

Note that a member may, in certain circumstances, move up to a higher rank.
